

SEL MOON RIVER REB

Date of Birth: 11/15/2024
Registration 1: CI353420
Breeder: EITAN & SANDY BARHUM
Owner: EITAN & SANDY BARHUM

This heifer is getting prettier every day, well made with PERFECT conformation, her color keep changing to darker parker brown with lots of brindle, and her horns has super nice direction. She has the over 101" TTT BL Rio Catchit 3 times in her and a genetic package to build programs with, just take a look at her pedigree to see all the legends in there! We are super excited about her future and enjoying watching her grow.
